## EDUCATION

### B.Tech

Lovely Professional University

07/2022 - 05/2026

Jalandhar, India | 7.42 CGPA

### Diploma

Gandhi Polytechnic

08/2018 - 11/2020

Muzaffarnagar, India | 68%

## SKILLS

## PROJECTS

### Expense Tracker (08/2025 - 09/2025)

- Built a lightweight personal finance app that enables fast income/expense logging with a clean and intuitive user experience.
- Implemented category-based transaction management and real-time spending summaries, helping users understand budgets and financial trends instantly.
- Added secure data export and organized transaction history, ensuring easy backups and efficient review of past financial activity.
- [https://github.com/manish3-4/Expense\\_Tracker.git](https://github.com/manish3-4/Expense_Tracker.git)

### Speech-To-Text (02/2025 - 03/2025)

- Engineered a speech-to-text web application enabling users to transcribe audio files and reducing manual transcription time by an average of 15 minutes per file.
- Integrated MongoDB for persistent storage of user data and transcripts.
- Streamlined database queries by a 15% reduction in query response time and maximized performance for end-users.
- <https://speech2text.netlify.app/>

### Apna Bank (10/2024 - 11/2024)

- Architected a web-based banking application, to reduce manual account management time by 40% for a district cooperative bank.
- Designed a user-friendly interface focused on enhancing user experience and simplifying complex daily banking tasks for staff.
- Organized 3+ core features to simplify banking tasks, resulting in a 25% faster data retrieval process, significantly improving operational efficiency.

### MessageNest (07/2024 - 08/2024)

- Constructed a full-stack, real-time chat platform using the MERN stack, enabling instant transmission for 500+ users with 100% end-to-end encrypted sessions.
- Engineered authentication security for RESTful APIs by implementing JSON Web Tokens (JWT) and cookie-parser, reducing unauthorized access attempts by 30%.
- Guided core real-time messaging features, achieving < 200ms message latency.

## ACHIEVEMENTS

Solved 350+ questions with improved code on GFG coding platform with a contest rating of 1622 points.

200+ questions solved on LeetCode with optimized coding. Also scored 1540 points in LeetCode contests.

## EXPERIENCE

### Labmentix Pvt Ltd (02/2025 - 05/2025)

Fullstack Developer Intern

### M/S Bajaj & Associates (02/2021 - 03/2022)

Junior Architect

## CERTIFICATES

### AWS Fundamentals (11/2025 - 11/2025)

<https://www.coursera.org/account/accomplishments/specialization/4OBI2Z1SPV3U>

### Build Wireframes and Low-Fidelity Prototypes (08/2025 - 09/2025)
